

Delicious festive treats ONLINE

It is the perfect time of year for giving and it is just the right season for treats!! Join a two-session online course, where you and your children will be guided by a friendly, enthusiastic tutor, through all the stages of making two types of edible gifts. The carefully selected festive recipes with a twist are well worth the effort.

They make great stocking fillers, irresistible homemade gifts or treats to just enjoy after school! In these challenging times, where everything can feel so uncertain – put something in the calendar to look forward to – get together with other enthusiastic cooks to have fun making these treats with the kids, who will love sharing them with their family and friends.

Magical hanging star lanterns ONLINE

It is the perfect time of the year for paper lanterns and it is just the right season for stars!! Join our two-session online craft course, where together with your children, you will (literally) get stuck in making some awesome paper star lanterns that are so much fun to create, show and tell. You will be guided by our friendly, enthusiastic tutor, through all the stages of making your lanterns with beautiful cut-outs that let the light shine through. In these challenging times, where everything can feel so uncertain – put something in the calendar to look forward to – get together with other enthusiastic makers and create something beautiful with your children that will cheerfully light up your home on the dark winter nights.
