

RESEARCH ON MATHS PROBLEM-SOLVING

PARENTS OF YEAR 4, YEAR 5 OR YEAR 6 CHILDREN

Help us research which mathematical problems children find the most difficult!

Who can participate?

Year 4, Year 5
or Year 6
children living
in the UK

What is needed?

Access to the
internet and a
computer/laptop

What is involved?

Children complete a
mathematics task
which will take
around 15 mins.

$$\square = 8 + 7$$

Enter a lottery
for a £10 voucher
(1:5 chances of winning)
for taking part
