I am extremely proud of the changes we have made here at Sedgehill Academy since becoming part of United Learning in 2020, and we continue to work extremely hard to provide an excellent local school. We have a culture of high expectations and aspirations and a determination to bring out the very best in every student.

Teaching and learning is always our number one priority. We support our students to achieve the qualifications they need to open doors to university, training and employment, and gain the skills that will set them apart from others.

But, at Sedgehill, we believe that there is more to a good education than academic success. We aim to develop character, compassion and service through the delivery of an Education with Character: an education which challenges, inspires and excites our students and helps them to become happy, confident and successful young adults.

Sedgehill has a long history of developing young musicians and recording artists through our Musician In Residence, professional recording studio, and membership of the prestigious MiSST programme which enables us to offer every student free musical instrument lessons at Key Stage 3. We also have excellent drama and sports facilities that I urge you to come and see for yourself.

I am so confident of the high quality of learning that we offer, and the atmosphere of kindness and respect that we have created that we would like to invite you to come and see it for yourself on one of our morning tours when school is in session. Please do visit our website to find out more about us, and book your place on a tour.

We look forward to welcoming you.

Clare Cassidy, Principal
